

911 Compliance Status Report

From/for

Segovia, Inc.
600 Herndon Pkwy
Herndon Virginia 20170

WC Docket No. 05-196

- Provision of Complaint 911 Service: A quantification, on a percentage basis, of the number of subscribers to whom you are able to provide 911 service in full compliance with the rules established in the *VoIP 911 Order*.

Segovia Inc does not provide residential or commercial VoIP services. All VoIP related services are provided to the U.S. Department of Defense and Homeland Security as part of our 'Tactical Equipment' packages.

U.S. Department of Defense: Segovia's Tactical Equipment is deployed in forward areas such as Iraq and Afghanistan.

U. S. Department of Homeland Security: Segovia's Tactical Equipment will be deployed when/if there is an incident. At this point DHS and related agencies will be conducting the emergency effort.

- 911 Coverage: To the extent you have not achieved full 911 compliance with the requirements of the *VoIP 911 Order* in all areas of the country in which you are providing interconnected VoIP service to subscribers: (i) list each PSAP serving such areas of the country; and (ii) describe in detail your plans for coming into full compliance with the requirements of the order, including your anticipated timeframe for such compliance.

Segovia Inc does not provide residential or commercial VoIP services and therefore we have no compliance requirements to fulfill.

- 911 Routing Information/Connectivity to Wireline E911 Network: Provide a statement as to whether you are transmitting, as specified in Paragraph 42 of the *VoIP 911 Order*, "all 911 calls to the appropriate [Public Safety Answering Point (PSAP)], designated statewide default answering point, or appropriate local emergency authority utilizing the Selective Router, the trunk lines(s) between the Selective Router and the PSAP, and such other elements of the Wireline E911 Network as are necessary in those areas where Selective Routers are utilized." If you are not transmitting all 911 calls to the correct answering point in areas where Selective Routers are utilized, this statements should include: (i) a quantification, on a percentage basis, of the number of subscribers whose 911 calls are not currently being routed to the appropriate PSAP via the dedicated Wireline E911 Network; and (ii) a detailed explanation why not.

Segovia Inc does not provide residential or commercial VoIP services and therefore we have no compliance requirements to fulfill.

- New VoIP Customers and/or Marketing: of the VoIP Service in Non-Compliant Areas: Significantly, some providers such as AT&T and Verizon have committed

to not accepting new customers in areas where the provider cannot provide 911 service. State whether you have stopped accepting new customers and marketing your VoIP service in the non-compliant areas, and, if so, the date on which you stopped. If you have continued to accept new customer for its service and/or market your VoIP service areas where you are non-complaint, explain how these actions are consistent with the Commission rules. Further, indicate the overall number of those subscribers currently service in each of your non-compliant areas, and the numbers of those subscribers that received their initial service after November 28,2005.

Segovia Inc will not market or provide any residential or commercial VoIP services withoutfirst being completely compliant with E911/911 requirements.

If you have any questions or need further information please do not hesitate to contact me.

Thank you,
